University of Perpignan, FR
Bachelor's degree in spatial data
processing

2003

Lycée G. Fauré, Annecy, FR
Two-year technical degree in IT

Owner and founder of Phosym since July 2020. Near 20 years' experience in various professional environments with broad IT consulting skills (business analysis, audit and evaluation, assistance to the mastery of work, management, regulatory compliance).

I favor pragmatic and business-oriented approaches, considering all the specifics of my clients.
